Location

- Anqing Normal University (AQNU) is located in Anqing, Anhui Province, China.
- Sited in the southwest of Anhui and on the river of Yangtze, Anqing covering an area of 13,600 square kilometers with a population of 5.25 million. Anqing has abundant natural tourism resources and also a cradle of personalities.

Brief Introduction of AQNU

Anqing Normal University (AQNU) is located in Anqing, a famous national historical and cultural city, a national civilized city and an excellent tourist city in China. The university enjoys a long history; it is also the birthplace of higher education in Anhui province in modern times. The university has two campuses, Longshan campus and Linghu campus, which cover an area of 2,800 mu (about 1.87 square kilometers) altogether. There are 17 colleges and 66 undergraduate majors, covering 10 discipline categories, including literature, economics, history, law, education, science, engineering, management, agriculture and art. There are 12 academic master programs and 16 professional master programs. The university now has faculty of 2,000 and 25,000 full-time students. AQNU has formed friendship and cooperation with a number of overseas universities, including Salisbury University, University of Central Arkansas, and University of Hildesheim in Germany. It has carried out effective cooperation with these universities in terms of faculty exchange, students exchange, teaching and research, etc.
